

PAUL PECK, RN

Clinical Informatics & Documentation Workflow | Epic Optimization | Triage Operations | Healthcare AI

Columbus, OH | 614-595-9132 | PaulTPeck@gmail.com | ppeck.me | github.com/ppeck1

PROFESSIONAL SUMMARY

Registered nurse with 15+ years across emergency care, remote triage, case management, utilization review, and documentation-heavy clinical operations. Focused on the systems around clinical work: how information is captured, how responsibility moves, where workflows create avoidable burden, and where healthcare AI requires explicit human review. Builds practical documentation workflows and working prototypes grounded in frontline clinical operations.

CORE CAPABILITIES

Clinical workflow mapping and documentation design | Epic SmartPhrases and SmartLists | Remote triage operations | Case management and utilization review | Human-reviewed AI workflow prototyping | Requirements translation and systems analysis

PROFESSIONAL EXPERIENCE

Triage Nurse

Signallamp Health (now Tellihealth) | Remote | Jun 2024 - Present

- Provide remote clinical triage for an internal-medicine population using Epic and Salesforce, balancing clinical judgment, documentation quality, escalation, and follow-through in a high-volume environment.
- Designed reusable SmartPhrase and SmartList workflows, shared documentation structures, and setup guidance for a team of more than 30 clinicians.
- Identify information, ownership, and handoff gaps that create rework or ambiguity across distributed care teams.

Independent Consultant - Clinical Workflow, Documentation & Healthcare AI Prototyping

Independent Practice | Remote | Jan 2024 - Present

- Available for limited clinical workflow and documentation reviews focused on current-state mapping, information and responsibility gaps, and translation of frontline problems into requirements, prototypes, review criteria, or implementation recommendations.
- Develop human-reviewed AI and local-first prototype workflows with explicit state, provenance, limitations, escalation, and accountability.
- Independent projects demonstrate methods and technical capability; they are not presented as completed client engagements or deployed production systems.

RN Case Manager (PRN / Part-time)

Orlando Rehabilitation Hospital (Nobis Health) | Orlando, FL | Oct 2024 - Jun 2025

- Supported discharge planning, utilization review, payer coordination, and interdisciplinary continuity in post-acute rehabilitation.
- Applied clinical criteria and documentation review to identify barriers to progression and discharge.

RN Case Manager

Encompass Health | Feb 2023 - Jun 2024

- Managed a daily caseload of 15-20 inpatient rehabilitation patients across therapy, nursing, physicians, patients, families, and payers.
- Built structured communication and documentation practices to support transitions, continued-stay review, and handoff clarity.
- Recognized as Employee of the Month in June 2023 for communication and coordination in a complex care environment.

Registered Nurse - IV Nutrient and Hydration Services

VitaLounge | Orlando, FL | Oct 2022 - Feb 2023

- Performed nursing assessments, IV therapy, monitoring, documentation, and escalation within an outpatient wellness setting.

EARLIER CLINICAL AND PROFESSIONAL EXPERIENCE

Family Caregiving, Homeschool Education & Experiential Learning

Family and community-based work | 2017 - Feb 2023

- Served as a stay-at-home father and homeschooled two children while participating in informal, non-employment learning and community work.
- Completed an informal heirloom seed-saving farm internship; helped run a community garden; and produced social media and YouTube content for another farm.
- Developed practical knowledge of grafting, seed saving, permaculture, gardening, and small-livestock and poultry husbandry.

Personal Care Guide - Chronic Care Case Management Nursing

Quantum Health | Columbus, OH | Nov 2016 - Jun 2017

- Provided telephonic clinical guidance and chronic-care case management support, coordinating information and next steps across patients, providers, and benefits resources.

Travel Nurse - Emergency / Trauma

Southeastern Ohio Regional Medical Center | Nov 2015 - Nov 2017

- Delivered adult emergency and trauma nursing across changing clinical conditions, priorities, teams, and documentation demands.

Emergency Nursing and Clinical Instruction

Nationwide Children's Hospital; Grant Medical Center; Grant Life Link | Columbus, OH | Aug 2012 - Sep 2016

- Provided pediatric and adult emergency nursing, including trauma and intake responsibilities, after working as an emergency department patient care technician from Jan 2010 to Aug 2012.
- Served as a paramedic pediatric clinical instructor from Aug 2015 to Sep 2016, supporting clinical judgment, documentation, and communication in the emergency setting.

Emergency Medical Technician - Basic

MedCorp | May 2008 - Jun 2010

- Provided prehospital assessment, basic emergency care, transport, and handoff documentation.

SELECTED TECHNICAL WORK

Epic SmartPhrase Visual Builder - Browser-based serious prototype for composing and reviewing structured documentation templates; published with architecture, limitations, and contribution notes.

Project Atlas - Local-first knowledge and workflow prototype that explores explicit state, provenance, retrieval, and human review.

Bag of Holding - Personal knowledge-system prototype focused on durable capture, organization, retrieval, and governed AI-assisted processing.

Code and project evidence: github.com/ppeck1

SYSTEMS AND TOOLS

Epic (SmartPhrases, SmartLists, triage) | Salesforce | Cerner | Clinical documentation and utilization-review workflows | Python scripting | HTML/CSS/JavaScript | Local-first and human-reviewed AI prototypes

EDUCATION AND LICENSURE

Bachelor of Science in Nursing (BSN), in progress - Ohio University

Associate Degree in Nursing (ADN) - Chamberlain College of Nursing, 2012

Registered Nurse - Ohio Multistate License - License 384332; active and unencumbered; expires Oct 31, 2027
